

## **ARMADO DE COMPUTADORES**

### **Gama baja – Intel**

|                    |  |
|--------------------|--|
| Procesador         | Core i3 7100                                 |
| Placa Madre        | Asus H110M-D DDR4 LGA 1151 Intel             |
| Memoria principal  | Crucial CB8GU2666 (1 x 8GB   DIMM DDR4-2666) |
| Memoria secundaria | PNY CS900 240 GB SSD 2.5 sata                |

### **Gama baja – AMD**

|                    |  |
|--------------------|--|
| Procesador         | Ryzen 3 2200g                                |
| Placa madre        | ASUS PRIME A320M-K                           |
| Memoria ram        | Crucial CB8GU2666 (1 x 8GB   DIMM DDR4-2666) |
| Memoria secundaria | PNY CS900 240 GB SSD 2.5 sata                |

### **Gama baja – Personal**

|                    |   |
|--------------------|---|
| Procesador         | AMD Ryzen 5 PRO 4650G                           |
| Placa madre        | ASUS PRIME A320M-K                              |
| Memoria ram        | Crucial CT8G4DFRA32A (1 x 8GB   DIMM DDR4-3200) |
| Memoria secundaria | PNY CS900 240 GB SSD 2.5 sata                   |

## Gama media – Intel

|                    |  |
|--------------------|--|
| Procesador         | Intel Core i5-11400F                   |
| Placa Madre        | Gigabyte H410M S2H V3 LGA 1200         |
| Memoria principal  | Gigabyte GP (2 x 8GB   DIMM DDR4-2666) |
| Memoria secundaria | Western Digital Green SN350 480 GB M.2 |
| GPU                | GeForce GT 1030 2GD4 LP OC             |

## Gama media – AMD

|                    |   |
|--------------------|---|
| Procesador         | AMD Ryzen 5 5500                                  |
| Placa madre        | A320M Asrock                                      |
| Memoria ram        | GeIL Orion AMD Edition (2 x 8GB   DIMM DDR4-3200) |
| Memoria secundaria | Western Digital Green SN350 480 GB M.2            |
| GPU                | MSI Radeon RX 6500 XT MECH 2X 4G OC               |

## Gama media – Personal

|                    |   |
|--------------------|---|
| Procesador         | AMD Ryzen 5 5500                                  |
| Placa madre        | Gigabyte B450M DS3H AM4                           |
| Memoria ram        | GeIL Orion AMD Edition (2 x 8GB   DIMM DDR4-3200) |
| Memoria secundaria | Western Digital Green SN350 480 GB M.2            |
| GPU                | Gigabyte Radeon RX 6600 EAGLE 8G                  |

## Gama alta – Intel

|                    |  |
|--------------------|--|
| Procesador         | Core i7-10700                                      |
| Placa Madre        | ASRock B560M Pro4/ac                               |
| Memoria principal  | Kingston Fury Beast RGB (2 x 8GB   DIMM DDR4-3200) |
| Memoria secundaria | Crucial P3 1 TB m.2 nvme                           |
| GPU                | Gigabyte GeForce RTX 3070 Ti GAMING OC 8G          |

## Gama alta – AMD

|                    |  |
|--------------------|--|
| Procesador         | Amd Ryzen 7 3800xt                                 |
| Placa madre        | Gigabyte B450 AORUS PRO WIFI                       |
| Memoria ram        | Kingston Fury Beast RGB (2 x 8GB   DIMM DDR4-3200) |
| Memoria secundaria | Crucial P3 1 TB m.2 nvme                           |
| GPU                | Gigabyte GeForce RTX 3070 Ti GAMING OC 8G          |

## Gama alta – Personal

|                    |   |
|--------------------|---|
| Procesador         | AMD Ryzen 9 7900X                               |
| Placa madre        | Gigabyte X670 AORUS ELITE AX                    |
| Memoria ram        | Kingston Fury Beast (2 x 16GB   DIMM DDR5-5200) |
| Memoria secundaria | Samsung 980 Pro 2 TB m.2 NVME                   |
| GPU                | Gigabyte GeForce RTX 4090 GAMING OC 24G         |
